

INTERNATIONAL SOCIETY OF
COSMETOGYNECOLOGY

2nd GLOBAL SYMPOSIUM ON COSMETIC VAGINAL SURGERY

SEPTEMBER 23 - 25, 2010

The Venetian Hotel, Las Vegas, Nevada

Due to the overwhelming success of the first Global Symposium on Cosmetic Vaginal surgery, the International Society of Cosmetogynecology is proud to announce the Second Global Symposium on Cosmetic Vaginal Surgery.

Once again the society has assembled the world leaders in Aesthetic Vaginal Surgery to show their expertise and interact with the attendees.

The Symposium sets the standard for this new subspecialty and provides a complete overview of the field.

Day 1 Thursday, September 23, 2010 offers a pre-congress post graduate course:

A PRACTICAL AND COMPREHENSIVE REVIEW OF VAGINAL SURGERY FOR THE COSMETIC VAGINAL SURGEON

A Significant number of women requesting vaginal cosmetic procedures have associated pelvic floor defects that require surgical correction. The cosmetic vaginal surgeon must be prepared to perform safe and effective functional aesthetic vaginal surgery. The course will present our current understanding of the pathophysiology, evaluation, and surgical management of pelvic floor dysfunction. Lectures and videos will be used to describe and demonstrate the surgical procedures.

Day 2 & 3 Friday, September 24, 2010 and Saturday, September 25, 2010

Topics range from simple cosmetic vaginal operations to cutting-edge techniques. The symposium will critically examine the nomenclature, safety, effectiveness, complications, controversies, challenges, and innovations of this exciting new field.

Scientific Program Chairmen:

Marco A. Pelosi II, MD

Marco A. Pelosi III, MD

David Matlock, MD

John Miklos, MD

Robert Moore, MD

Michael, Goodman, MD

2nd GLOBAL SYMPOSIUM ON COSMETIC VAGINAL SURGERY

SEPTEMBER 23 - 25, 2010

The Venetian Hotel, Las Vegas, Nevada

2010 PRE-CONGRESS STATE-OF-THE-ART POSTGRADUATE COURSE

A Practical and Comprehensive Review of Vaginal Surgery for the Cosmetic Vaginal Surgeon

A significant number of women requesting vaginal cosmetic procedures have associated pelvic floor defects that require surgical correction. The cosmetic vaginal surgeon must be prepared to perform safe and effective functional and aesthetic vaginal surgery. The course will present our current understanding of the pathophysiology, evaluation, and surgical management of pelvic floor dysfunctions. Lectures and videos will be used to describe and demonstrate the surgical procedures.

THURSDAY, September 23

7:30 am	BREAKFAST
8:00 am	Welcome and Introduction
8:05 am	Anterior colporrhaphy: Modern concepts in cystocele repair, choice of operation and review of current surgical techniques for anterior colporrhaphy.
8:50 am	Urinary stress incontinence: Modern concepts in USI, choice of operation and review of current surgical techniques for USI.
9:40 am	Posterior colporrhaphy and perineoplasty: Modern concepts, choice of operations and review of current surgical techniques for posterior colporrhaphy and perineoplasty.
10:25 am	Repair of extensive old lacerations of the perineum: Modern concepts, choice of operation and review of current surgical techniques for correction of extensive perineal lacerations.
11:00 am	COFFEE BREAK
11:15 am	Enterocele: Modern concepts in enterocele, choice of operation and review of current surgical techniques for enterocele repair.
11:45 am	Question and answer session
12:00 pm	LUNCH
1:00 pm	Vaginal hysterectomy: Review of current surgical techniques for vaginal hysterectomy.
2:00 pm	Vaginal vault prolapse: Current concepts in vaginal vault prolapse, choice of operation and review of surgical techniques for the correction of vaginal vault prolapsed.
2:45 pm	Combined procedures for the simultaneous correction of multiple pelvic floor defects: Review of current surgical techniques.
3:30 pm	Introduction to liposuction and autologous fat grafting for the cosmetic vaginal surgeon.
4:30 pm	COFFEE BREAK
4:45 pm	Video session: Fully edited videos of the surgical procedures presented at the course will be shown.
6:30 pm	Panel discussion
6:45 pm	Adjourn
7:00 pm	Welcome reception at the Exhibit Hall (7:00 pm – 8:30 pm)

COURSE OBJECTIVES

At the end of the course the attendee should be able to:

- Define the anatomical and functional supports of the pelvic floor and their interaction in maintaining urinary and fecal continence and the prevention of uterovaginal prolapse
- Recognize the factors responsible for pelvic floor dysfunction
- Evaluate the patient with pelvic floor defects and identify what tests are needed for the diagnosis and treatment of her condition
- Identify which surgical procedures are effective and how to perform the surgery for urinary incontinence, vaginal hysterectomy, and the treatment of anterior, apical, and posterior compartment defects
- Discuss the complications, side effects, and risks of the current surgical procedures for urinary and fecal incontinence and uterovaginal prolapse
- Acquire knowledge in liposuction and autologous fat transfer techniques

2nd GLOBAL SYMPOSIUM ON COSMETIC VAGINAL SURGERY

SEPTEMBER 23 - 25, 2010

The Venetian Hotel, Las Vegas, Nevada

PROGRAM

FRIDAY, SEPTEMBER 24

7:30 am BREAKFAST / VISIT EXHIBITS

8:30 am Welcome and opening remarks
Marco A. Pelosi II, MD, President, ISCG. Bayonne, NJ

General Session 101

Moderators: Michael Goodman, MD; Marco Pelosi III, MD; Antonio Garcia, MD; Mona Alqulali, MD

8:40 am The past, present and future of cosmetic vaginal surgery.
David Matlock, MD. Beverly Hills, CA

8:55 am A comprehensive overview of cosmetic vaginal surgery 2010.
Marco A. Pelosi III, MD

9:25 am Female genital plastic surgery: A large multi-center outcome study.
Michael Goodman, MD. Davis, CA

9:55 am The role of the anesthesiologist for office cosmetic surgery.
Ambra Louvier, MD. Bayonne, NJ

10:25 am Questions and Answers

10:40 am COFFEE BREAK / VISIT EXHIBITS
