We suggest the following symbols:

Discrete ○ Diffuse Skin or nipple retraction W
Questionable ? Thickening Scar ++++

ULTRASONOGRAPHY

OB / Gyn Procedures

- Pregnancy Sonogram
- Pelvic Sonogram Transabdominal
- Pelvic Sonogram Transvaginal
- Ovarian Cancer Screening
- Ovarian Color Doppler
- Saline Infusion Sonohysterography (SIS)

General Ultrasonography Procedures

- Abdominal Sonogram
- Gallbladder
- Renal Sonogram
- Abdominal Aorta Sonogram
- Thyroid Sonogram
- Other _____

CONSULTATION SERVICES

- Perinatal Consultation
- Genetic Counseling
- Osteoporosis Consultation

ANTEPARTUM TESTING

- Pregnancy Sonogram
- Biophysical Profile
 - With NST
 - Without NST
- Obstetrical Doppler
- Fetal Echocardiography with Doppler Echocardiography and Color Flow Velocity

PERINATAL PROCEDURES

- Amniocentesis
Blood Type _____
- Chorionic Villus Sampling
Blood Type _____
- Multifetal Pregnancy Reduction
- Non-Stress Test

OSTEOPOROSIS SCREENING

- Bone Densitometry (DEXA)

PREPARATION FOR DIAGNOSTIC PROCEDURES

ULTRASONOGRAPHY:

COLOR DOPPLER IMAGING AND SALINE INFUSION

SONOHYSTEROGRAPHY

No preparation is necessary for the exam, however must be scheduled day 5-10 of menstrual cycle.

PELVIC SONOGRAM TRANSABDOMINAL

A full bladder is necessary for the exam. In order to have a full bladder, please drink 32 oz. of liquid 1 hour before exam. Do not empty bladder.

PELVIC TRANSVAGINAL

No preparation is necessary.

PREGNANCY SONOGRAM

OB from 4-28 weeks, no preparation is necessary. For 28 weeks to term, eat one hour before visit, unless your doctor indicates otherwise.

ABDOMINAL, GALLBLADDER AND RENAL SONOGRAM

Do not eat or drink starting at midnight the evening before the exam. If your sono is later in the day, you may not eat for 6 hours before the appointment time. You may drink water only and you can take any of your prescribed medications.

Please call the office if you have any questions regarding preparations for studies.

MAMMOGRAPHY:

Please schedule appointment within the first two weeks of your menstrual cycle, when pregnancy is unlikely and breasts are less sensitive.

DO NOT USE any powder or deodorant the day of the test (Powder and the microcrystals in deodorant can cause confusing shadows on the x-rays which may require additional views.)

Wear comfortable clothes (a blouse and skirt or slacks) for the test.

**PLEASE BRING PREVIOUS
MAMMOGRAPHY FILMS WITH YOU**

DIRECTIONS:

Great Neck Women's Medical Care is located on Northern Blvd. between Lakeville Road and Community Drive.

By Car
